EDUCATION

Atria Institute of Technology (Affiliated with VTU) <i>B.E. in Computer Science and Engineering (Data Science) - CGPA: 8.93</i>	2023 – 2027 <i>Bengaluru, KA</i>
• Relevant Coursework: Artificial Intelligence, Data Structures & Algorithms, Database Management Systems.	
Indian Institute of Technology Mandi <i>Minor in Artificial Intelligence</i>	2025 – 2026

TECHNICAL SKILLS

- **Generative AI & LLMs:** Prompt Engineering, RAG (Retrieval-Augmented Generation), ChatGPT, Claude, Gemini, Groq
- **Programming Languages:** Python, Java, JavaScript, SQL, Bash/Shell Scripting
- **APIs & Backend:** FastAPI, RESTful APIs, JSON, Structured Outputs, Automation Workflows
- **Tools & Frameworks:** Vector Databases (MongoDB), Git/GitHub, Agentic CLI Tools, Streamlit, PostgreSQL

PROJECTS

AI-Driven Form Assistant <i>Python, FastAPI, LLMs (GenAI)</i>	Apr 2026 – May 2026
• Designed and optimized prompts for Generative AI orchestration to accurately extract structured data fields (JSON) from unstructured text formats.	
• Evaluated and refined LLM outputs to ensure high accuracy, integrating the pipeline with backend APIs for continuous, low-latency service uptime.	
Intelligent Learning Platform - Mind Palace <i>Python, FastAPI, MongoDB, Groq (GenAI)</i>	Dec 2025 – Mar 2026
• Developed a Retrieval-Augmented Generation (RAG) system, engineering fault-tolerant data ingestion pipelines to transform static text into vector embeddings.	
• Integrated ultra-low latency LLM inference via Groq, creating highly accurate, context-aware interactions for real-world user queries.	
Civic Grievance Triage System <i>Python, PostgreSQL, YOLOv8, FastAPI</i>	May 2026 – Aug 2026
• Built backend REST APIs and automation workflows to maintain high data integrity for user-submitted media.	
• Validated AI-driven processing pipelines utilizing YOLOv8 for automated, pattern-based image categorization.	
Health Chatbot <i>Python, Prompt Engineering, LLMs</i>	Jan 2025
• Applied prompt engineering techniques to design and optimize a state-managed conversational interface.	
• Experimented with AI tools to process user inputs efficiently, systematically resolving backend routing edge cases.	

ACHIEVEMENTS & LEADERSHIP

- **2nd Place, Machine Learning Mini Project Expo 2026:** Recognized by the IEEE Atria Student Branch for designing an "Intelligent Document Understanding & Guided Form Filling System using AI" (May 2026).
- **Top 5% (Elite + Silver):** National-level NPTEL certification in Python programming, ranking within the top 5% of candidates nationwide (Jan-Feb 2025).
- **Student Placement Coordinator (Atria IT):** Managed multi-channel communications and coordinated realistic logistical operations for campus recruitment drives.

LANGUAGES

- **Spoken Languages:** English (Professional), Hindi (Fluent), Kannada
